

*Whitford's newest office, located strategically in Querétaro, México, in the internationally popular Tecnológico Innovación Querétaro Parque.*

## **Whitford opens new office in México to provide local purchasing, faster delivery of more popular coatings.**

*August 2015, Elverson, PA.* Whitford, makers of the largest, most complete line of non-stick coatings in the world, has just opened its seventeenth office, this one a few hours north of México City in Querétaro, México.

The strategically located sales office includes a warehouse, stocked with a variety of Whitford's most popular nonstick and decorative coatings. All ordering will be done locally, which simplifies the process and, in the case of the most popular products, enables on-time delivery. Products less frequently requested will be ordered locally and shipped as they have been from Whitford headquarters in the United States.

The new space has 1,200 sq. mtrs./13,000 sq ft. of warehouse, and 185 sq. mtrs./2,000 sq. ft. of office space (including a kitchen, large conference area, etc.). The new address: Whitford S. de R.L. de C.V., Lote 63, Ed. Advance 3, Módulo 1, El Marqués, Querétaro, México 76246.
