

Whitford's Robert Bonsall presents award to Carlo Delli Fraine, Director of Operations, Release Coatings, Montreal, Canada.

Whitford welcomes Release Coatings to join the Recommended Coater Program

April 2016, Montreal, Canada. Whitford, makers of the world's largest, most complete line of fluoropolymer coatings, has recognized Release Coatings as a member of the "Whitford Recommended Coater" (WRC) program and awarded a plaque to Carlo Delli Fraine. Robert Bonsall, long-time sales representative with Whitford, stated that, "We are pleased to recognize Release Coatings as a Whitford Recommended Coater and commend them for the excellent service they provide to the industry in North America.

The Whitford Recommended Coater program recognizes custom coaters who meet certain criteria. Among the standards that need to be met are: knowledge of Whitford coatings and experience in applying them, completion of a Whitford training course held at the Whitford Worldwide headquarters, and they must have solid quality assurance procedures in place.

Based in Montreal, Canada, Release Coatings is a leading North American applicator of fluoropolymer and other high-performance coating systems. Since 1957, the company has been proudly serving customers in a wide range of industries, including food processing, pharmaceutical, packaging, textiles, automotive, offshore marine, aerospace, mining, chemicals and rubber molding.
