

Jerod and Chance Angelle of Webco Coating, Inc. receive the Whitford Recommended Coaters plaque at their Louisiana facility

Whitford reconfirms Webco Coating, Inc. as a premier Custom Applicator in the US

November 2016, Lafayette, Louisiana. Whitford, makers of the world's largest, most complete line of fluoropolymer coatings, has reconfirmed Webco Coating, Inc. as a member of the "Whitford Recommended Coater" (WRC) program and awarded a new plaque to Jerod and Chance Angelle. Bill Pernice, industry expert for Whitford, states, "We are pleased to recognize Webco Coating as a supplier that positions its custom-coating facilities to exceed customer expectations."

The Whitford Recommended Coater program recognizes custom coaters who meet certain demanding criteria. Among them: the coater must have thorough knowledge of Whitford coatings and experience in applying them, must complete a Whitford training course held at the worldwide headquarters and must have solid quality-assurance procedures in place. Coaters in the program go through rigorous audits every two years to requalify for the program.

Webco Coating is a family-owned, full-service company in business since 1976. Located in the Oil and Gas "Hub City" of Lafayette, they have a long history of addressing the needs of the oil and gas, marine, chemical and automotive markets. Webco has the custom-coating capabilities required to apply Whitford's Xylan series of products.

Reports Bill Pernice of Whitford, "With over 100 years of combined coating experience, Webco has a long-standing reputation of delivering outstanding quality and service along the Gulf Coast, as well as nationally and globally."
